

# Save on Select Arc Abrasives, Inc. Z-WEB™ Surface Conditioning Quick-Lock Discs & Select Mini Flap Discs!

## Z-WEB™ Surface Conditioning Quick-Lok Discs

**COARSE**

**MEDIUM**

**FINE**

- High stock removal capacity when compared with competitor's products in deburring, masking, and satin finish applications on stainless steel, steel, aluminum, titanium, nonferrous materials, alloys and fiberglass
- Consistent and repeatable finish throughout the entire product life
- Evenly coated with grit from material surface to base, providing improved performance in deburring & edge applications
- Cool temperature on the work surface - preventing discoloration
- Material resist loading and over-cutting
- No smearing

## PREDATOR™ Mini Flap Discs

- Mini flap discs can reach small areas in need of grinding but suit the needs of heavy material removal
- Special PREDATOR™ self-sharpening abrasive grain is blended with two grinding aids
- PREDATOR™ mini flap discs are suitable for both mild steel & stainless steel applications
- From aggressive grinding to fine finishing with the benefit of small diameter, PREDATOR™ Mini Flap Discs are an extremely versatile product
